

Get your **Instagram DMs** in **ImBox** – never miss a dialogue!

One login, one interface for a clear overview

With our Instagram connection, you can manage and respond to DM's and story mentions in ImBox. It's just as effective and easy to respond to as any chat,

and you see the ticket status directly in the ImBox interface, along with whether someone has answered it or not. Gather everything in ImBox, log into one interface, and never miss a message again!

Manage Instagram DMs in the same interface as other tickets & service channels

Offer faster service

Better overview with everything in the same view
